Independent Auditor's Report

To the Board of Commissioners
Greater Alexandria Economic Development Authority

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greater Alexandria Economic Development Authority, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Greater Alexandria Economic Development Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Greater Alexandria Economic Development Authority, as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Greater Alexandria Economic Development Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Greater Alexandria Economic Development Authority's ability to continue as a going concern for twelve

months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Greater Alexandria Economic Development Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Greater Alexandria Economic Development Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the budgetary comparison information described in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational,

economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Greater Alexandria Economic Development Authority's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer is other supplemental information presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standard

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2022 on our consideration of the Greater Alexandria Economic Development Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Greater Alexandria Economic Development Authority's internal control over financial reporting and compliance.

GREATER ALEXANDRIA ECONOMIC DEVELOPMENT AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2021

This section of the annual financial report presents our discussion analysis of the Greater Alexandria Economic Development Authority's financial performance during the fiscal year ended December 31, 2021.

Overview of Financial Statements

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Greater Alexandria Economic Development Authority's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The government-wide financial statements report information about the Greater Alexandria Economic Development Authority as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Greater Alexandria Economic Development Authority's assets and all of its liabilities. All of the Authority's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by hotel occupancy taxes.

Fund Financial Statements

Fund Financial statements provide detailed information regarding the Greater Alexandria Economic Development Authority's most significant activities and are not intended to provide information for the Authority as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Greater Alexandria Economic Development Authority's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental fund uses a modified accrual basis of accounting that provides a short-term view of the Greater Alexandria Economic Development Authority's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

The core activities of the Authority were substantially the same in 2021 and 2020. During both years, the Authority provided less in economic development grants and expenses than revenues due to COVID-19 restrictions placed on events held in the Central Louisiana area.

GREATER ALEXANDRIA ECONOMIC DEVELOPMENT AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2021

Financial Analysis of the Authority's Funds

For the year ended December 31, 2021 governmental fund balances increased by \$264,520. The increase in the fund was directly attributable to a reduction in the awarding of grants due to COVID-19 restrictions placed on gatherings in the Central Louisiana area, and an increase in hotel stays related to COVID-19 emergency workers.

Budget Highlights

For the year ended December 31, 2021, budgeted revenue exceeded actual revenue by \$2. Budgeted expenditures exceeded actual expenditures by \$7,782. The Authority had a net positive budget variance of \$7,780 for the year.

Capital Asset Administration

In the current year there was \$3,306 of capital asset acquisitions.

Debt Administration

There was no debt activity in the current year.

Factors Expected to Affect Future Operations

At the present time, no known issues are expected to have a significant impact on future operations.

Note 1 – Summary of Significant Accounting Policies

The Greater Alexandria Economic Development Authority has been established under Louisiana Law to engage in cooperative economic development activities with the City of Alexandria. The Authority's activities are supported by a special tax levied on hotel occupancy. The Authority is governed by the Board of Commissioners, which is appointed by the City of Alexandria.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criterion includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Greater Alexandria Economic Development Authority is a component of the City of Alexandria. The accompanying component unit financial statements present information only on the funds maintained by the Authority and do not present information on the City, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

Greater Alexandria Economic Development Authority
Notes to Financial Statements
December 31, 2021

Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Greater Alexandria Economic Development Authority's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

The government-wide and fund financial statements present the Greater Alexandria Economic Development Authority's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Authority as a whole. The effect of any interfund activity is eliminated from these financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, contributions to specific programs, and most grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. At the present time, the Authority's only fund is the general fund, which is the primary operating fund, and it is used to account for all resources.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Greater Alexandria Economic Development Authority
Notes to Financial Statements
December 31, 2021

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is generally considered available if it is collected within 30 days of year end or may otherwise be available to finance current expenditures. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. In addition, long-term debts are excluded from amounts reported as liabilities.

Proceeds from issuing long-term debt are reported as another financing source and repayment of long-term debt is reported as an expenditure.

Restricted Assets

Any amounts reported as restricted assets represent resources that must be expended in a specific manner. Restrictions of this nature can be imposed by tax propositions and various contractual obligations including grant agreements and bond covenants. Whenever restricted assets can be used to satisfy an obligation, the restricted assets are typically consumed before utilizing any unrestricted resources.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

The Board of Commissioners adopts annual budgets in the manner prescribed by State Law. These budgets present revenue and expenditures on a basis which is consistent with generally accepted accounting principles.

Capital Assets

Capital Assets include facility improvements and equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

Greater Alexandria Economic Development Authority
Notes to Financial Statements
December 31, 2021

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed by using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives are 5 and 7 years.

Cash

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit, and highly liquid investments.

Accrued Leave

Fulltime employees earn vacation at rates that vary depending on length of service. A maximum of 80 hours of accrued leave are allowed to accumulate. As of December 31, 2021, no significant Accrued Leave Liability existed and no significant remaining vacation time was accrued by employees.

Internal Balances

Internal balances arise from transactions between funds. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivable and payable are recorded. Internal balances are eliminated in preparing government-wide financial statements.

Fund Balance Classifications

Commitment or assignment of fund balances requires approval of a majority of the Greater Alexandria Economic Development Authority's Governing Board based on a vote conducted in an open meeting. When expenditures comply with the necessary provisions restricted, committed, or assigned amounts are generally consumed rather than utilizing unassigned funds.

Note 2 – Cash and Cash Equivalents

Deposits in financial institutions totaled \$1,568,495. These deposits are secured from risk by \$250,000 in Federal Deposit Insurance per bank and pledged securities with a market value of \$1,501,567. The pledged securities are held by a custodial bank in the name of the pledging institutions (fiscal agent). However, State Law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten (10) days of being notified that the fiscal agent has failed to pay deposited funds upon demand. The Greater Alexandria Economic Development Authority limits credit risk by requiring pledged securities in the manner described above. The Authority had no cash balances that were not adequately secured as of December 31, 2021.

Note 4 – Payables

Accounts payable at year end are summarized as follows:

Accounts payable to vendors	\$ 2,894
Grants payable to recipients	<u>435</u>
Total payables	<u>\$ 3,329</u>

Note 5 – Leases

The Authority has acquired certain facilities necessary for operations by executing an operating lease. The lease was renewed in October 2018 for the three-year period beginning January 1, 2019 and ending December 31, 2021; a rental payment of \$2,142 is due on a monthly basis. Lease expense for the year ended December 31, 2021 was \$25,704. The Authority entered into a new operating lease in December 2021 at a rate of \$2,200 for the one-year period beginning January 1, 2022 and ending December 31, 2022.

Future minimum payments are as follows:

2022	26,400
------	--------

The Authority entered into an operating lease for a copier on February 9, 2018. The lease period began March 1, 2018 and ends August 31, 2021; a rental payment of \$387 is due on a monthly basis. The expense related to this lease agreement for the year December 31, 2021 was included in materials and supplies and totaled \$3,096.

The Authority entered into an operating lease for a copier on December 8, 2021 for 36 months. The lease period began on December 1, 2021 and ending on November 30, 2024; a payment of \$320 is due on a monthly basis. The expense related to this lease agreement for the year December 31, 2021 was included in materials and supplies and totaled \$320.

Greater Alexandria Economic Development Authority
Notes to Financial Statements
December 31, 2021

Future minimum payments are as follows:

2022	3,840
2023	3,840
2024	3,520

Note 6 – Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. These risks of loss are covered by a comprehensive commercial insurance policy and workers compensation insurance. Claims resulting from these risks have historically not exceeded insurance coverage.

Note 7 – Retirement Plan

The Authority offers a defined contribution retirement plan through MetLife to its employees. Under the terms of the plan, employees are allowed to contribute a portion of the compensation to the plan and the Authority provides certain matching contributions. For the year ended December 31, 2021, the Authority funded the retirement plan in the amount of \$7,050. The funding took place on January 22, 2021.

Note 8 – Long-Term Liabilities

As of December 31, 2021, the Authority had no outstanding debt attributable to the Authority's activities.

**Report on Internal Control over Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Board of Commissioners
Greater Alexandria Economic Development Authority

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Greater Alexandria Economic Development Authority, as of and for the year ended December 31, 2021, and have issued our report thereon dated May 20, 2022. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Greater Alexandria Economic Development Authority's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Greater Alexandria Economic Development Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Greater Alexandria Economic Development Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance

As part of obtaining reasonable assurance about whether Greater Alexandria Economic Development Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing and internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors of Greater Alexandria Economic Development Authority and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2021 through December 31, 2021. Greater Alexandria Economic Development Authority's management is responsible for those C/C areas identified in the SAUPs.

Greater Alexandria Economic Development Authority has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2021 through December 31, 2021. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

Finding: The written policies related to budgeting include information on all required elements.

b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

Finding: The written policies related to purchasing include information on all required elements.

- c) **Disbursements**, including processing, reviewing, and approving.

Finding: The written policies related to disbursements include information on all required elements.

- d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Finding: The written policies related to receipts/collections include information on all required elements.

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

Finding: The written policies related to payroll/personnel include information on all required elements with the exception of reviewing and approving time/attendance records and the approval process for employees' rate of pay. Although these items were not listed in the entity's written policies and procedures, the entity maintained attendance records. Additionally, all employee rates of pay were approved by the board.

Management's Response: Management will update the entity's policies and procedures to include the missing components listed above.

- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Finding: The written policies related to contracting include information on all required elements.

- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Finding: The written policies related to credit cards include information on all required elements.

- h) **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Finding: The written policies related to travel and expense reimbursements include information on all required elements.

- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Finding: The written policies related to ethics include information on all required elements.

- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Finding: The Authority does not have any debt service agreements. A policy will be adopted by the Authority when needed.

- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Finding: The written policies related to information technology disaster recovery/business continuity includes all required elements.

- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Finding: The written policies related to sexual harassment includes all required elements.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

Finding: The board met with a quorum at least monthly.

- b) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.

Finding: The board reviews this information monthly.

- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Finding: There was no negative fund balance in the prior year audit report.

Bank Reconciliations

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

Finding: Bank reconciliations observed include evidence they were prepared within 2 months of the related statement closing date.

- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

Finding: Bank reconciliations observed include evidence that a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation.

- c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Finding: Management has researched reconciling items that have been outstanding for more than 12 months.

Collections (excluding electronic funds transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Finding: All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a) Employees responsible for cash collections do not share cash drawers/registers.

Finding: All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

Finding: All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Finding: All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department. Collections are posted to the general ledger by a local CPA firm.

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

Finding: All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department. Reconciliation of collections to the general ledger is outsourced to a local CPA firm.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

Finding: Insurance policy for theft covering all employees who have access to cash was inspected.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- a) Observe that receipts are sequentially pre-numbered.
Finding: Not applicable. All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.
- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
Finding: Not applicable. All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.
- c) Trace the deposit slip total to the actual deposit per the bank statement.
Finding: Not applicable. All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.
- d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
Finding: Not applicable. All deposits are handled electronically by the Rapides Parish Sales and Use Tax Department.
- e) Trace the actual deposit per the bank statement to the general ledger.
Finding: 100% of actual deposits per the bank statement were traced to the general ledger. No discrepancies were identified.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
Finding: At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making a purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
Finding: At least two employees are involved in processing and approving payments to vendors.

- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Finding: The employee responsible for processing payments can add/modify vendor files. However, all transactions are reviewed by someone who is not responsible for processing payments.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Finding: The employee responsible for processing payments is also responsible for mailing signed checks to vendors. This employee does not have signature authority.

Management's Response: Due to the limited number of employees, all transactions are reviewed by a board member who is not responsible for processing payments.

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

- a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

Finding: All disbursements selected for testing were matched to the related invoice or supporting documentation and indicated the deliverables were received by the entity.

- b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Finding: All supporting documentation included evidence of segregation of duties tested under #9.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

- 11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]

Finding: The Authority has one credit card and card holder. Proper supporting documentation was observed by the auditor. Payments for these statements are approved by the card holder due to limited staffing. However, amounts over \$500 must be approved by a board member.

Management's Response: Due to the limited number of employees, all transactions are reviewed by a board member who is not responsible for processing payments.

- b) Observe that finance charges and late fees were not assessed on the selected statements.

Finding: No finance charges or late fees were assessed on the selected statement.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Finding: Supporting documentation was available for all transactions subject to testing.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Finding: There were no travel-related expense reimbursements in 2021.

- a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

Finding: There were no travel-related expense reimbursements in 2021.

- b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

Finding: There were no travel-related expense reimbursements in 2021.

- c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

Finding: There were no travel-related expense reimbursements in 2021.

- d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Finding: There were no travel-related expense reimbursements in 2021.

Contracts

- 15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

- a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

Finding: All of the contracts selected for testing were below the dollar threshold and, therefore, not subject to the Louisiana Public Bid Law.

- b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).

Finding: All contracts with a cumulative cost of \$5,000 or more during the year were approved by the board per the entity's written policy.

- c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).

Finding: No contracts subject to testing were amended.

- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

Finding: All payments selected for testing had proper supporting documentation.

Payroll and Personnel

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

17. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

- a) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)

Finding: Daily attendance and leave were documented for all items subject to testing.

- b) Observe whether supervisors approved the attendance and leave of the selected employees or officials.

Finding: All attendance and leave documentation was approved by the appropriate supervisor.

- c) Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

Finding: Both leave accrued and leave taken were appropriately reflected in the entity's records.

- d) Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

Finding: All paid salaries were agreed to amounts approved by the board.

18. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

Finding: No termination payments were issued during the year.

19. Obtain management’s representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers’ compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Finding: Management represented that employer and employee portions of third-party payroll related amounts have been paid and any associated forms have been filed by the required deadlines.

Ethics

20. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above obtain ethics documentation from management, and:

- a. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

Finding: Observed certificate of completed ethics course for all employees subject to testing.

- b. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity’s ethics policy during the fiscal period, as applicable.

Finding: There were no changes to the entity’s ethics policy during the fiscal period.

Debt Service

21. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management’s representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued.

Finding: The entity does not have any bonds/notes or other debt agreements.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management’s representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Finding: The entity does not have any bonds/notes or other debt agreements.

Fraud Notice

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Finding: Management represented there were no misappropriations of public funds or assets during the fiscal year.

24. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Finding: The required notice has been posted by the entity on both its premises and its website.

Information Technology Disaster Recovery/Business Continuity

25. Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**

- a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

Finding: We performed the procedure and discussed the results with management.

- b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

Finding: We performed the procedure and discussed the results with management.

- c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

Finding: We performed the procedure and discussed the results with management.

Sexual Harassment

26. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

Finding: Each employee selected for tested had documentation of completing at least one hour of sexual harassment training during the year.

27. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity’s premises if the entity does not have a website).

Finding: The entity has posted its sexual harassment policy and complaint procedure on its website.

28. Obtain the entity’s annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:

a) Number and percentage of public servants in the agency who have completed the training requirements;

Finding: 100% of employees and board members have completed the training requirements.

b) Number of sexual harassment complaints received by the agency;

Finding: No sexual harassment complaints were received by the agency.

c) Number of complaints which resulted in a finding that sexual harassment occurred;

Finding: No sexual harassment complaints were received by the agency.

d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

Finding: No sexual harassment complaints were received by the agency.

e) Amount of time it took to resolve each complaint.

Finding: No sexual harassment complaints were received by the agency.

We were engaged by Greater Alexandria Economic Development Authority to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Greater Alexandria Economic Development Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
